

## Dear Students,

Welcome to Shri G.P.M. Degree College.

Bachelor of Commerce in Accounting and Finance (BAF) is an undergraduate programme that provides training in areas of Accounting and Finance. Being offered by many universities all over India, students now have the opportunity to specialize in Accounting and Finance. The course allows the students to obtain an in-depth knowledge of Accounting and Finance. It also provides opportunities to gain a broader insight into financial aspects of Business and Management.

Our Institution has introduced the Bachelor of Commerce (Accounting & Finance) Course from Academic Year 2005-06. It has a strong emphasis on developing analytical skills and offers a solid grounding and professional competence in all aspects of commerce required for careers in the business and corporate sectors. This program also facilitates students to be market-ready, which helps to give them an edge over their careers.

It helps students to equip themselves with knowledge in areas such as Cost Accounting, Financial Accounting IT, Economics, Auditing, Business Law, and Business Communications.

Financial planning and optimum utilization of resources are necessary to increase profitability. BAF helps candidates to acquire specialized knowledge and to aspire to opt for several high-level courses with a specific focus on finance and accountancy. The students will gain the ability of critical and lateral thinking by understanding the concepts in the fields of Business Economics, Accountancy, and Commerce.

The students will be able to solve business problems and apply the classroom learning to practice to offer solutions in the fields of their interest.

After completion of the program, the students will be able to analyze information, data, resources, and technologies necessary to address various topics, tasks, or problems and reason the solution to the problems. Right after finishing BAF, graduates can join an accounting firm and start working. BAF graduates can primarily work as Accounting Assistants, Financial Planners, Bankers, Portfolio Managers, Stock Brokers, Traders, Analysts and even work at actuarial firms.
