

**Dear Students,**

Welcome to Shri G.P.M. Degree College.

The Bachelor of Financial Markets (BFM) is a three-year undergraduate degree that offers students a number of business and commercial skills. The program relies on innovative learning methodologies, relevant Indian and global business research, strong industry linkages to provide a unique learning experience the B.Com. (Financial Market) program is a career-oriented degree that provides a foundation in various areas of trade, commerce and industry. Our institute has introduced the Bachelors of Financial Markets (BFM) course in the academic year 2005-06.

A financial market relates to a mechanism, which enables people to trade financial securities such as bonds, stocks, and commodities in the market the course involves an advanced study of financial assets, markets, and institutions, debt & equity markets, foreign exchange markets and financial management.

It helps students to effective communication skills through the development of presentation, listening and writing skills. Develop critical thinking skills to find evidence and viewpoints for finance-related issues and then take rational assumptions, identify implications, and formulate conclusions for knowledge enhancement.

After completing a three-year degree program for Bachelors of Financial Markets (BFM) students will get detailed knowledge in the field of Corporate Finance, Financial Markets, Financial Management, Financial Marketing, Global Economics, Banking, Taxation, Law, etc.

*Asst. Prof. Siddhi Sawant*
