

Department of Library & Information Science

In keeping with the Vision and Mission of Shri G.P.M. Degree College, its Library is an essential resource for activities related to the teaching and learning.

- The purpose of the library is to serve faculty and students in the academic community by keeping them up to date on the most recent advancements in their fields of study and by offering information for research.
- The library serves as a resource for students to obtain knowledge that supports both their personal growth and the course curriculum.
- Its selection of books, journals, and electronic resources covers all the major academic areas.
- The book collection consists of well-known reference books, extra reading materials, and textbooks. Easy and Useful Integrated Library Automation Software, a user-friendly library package has been used to automate the library. The program makes it easier for books to be automatically circulated (issued and returned) and provides quick access to bibliographic, location, and availability data.
- The whole library's operations are computerized, and patrons can consult the Online Public Consult Catalogue (OPAC) on library property.
- The library operates under the guidance of the library advisory committee that meets periodically to review the status and to suggest new initiatives. The committee consists of
 - * Chairman - Principal
 - * Secretary - Librarian
